About

Bayshore Snø Drift (B4) is the last son of Dutch import Gingard H-G200 (S3, HOF, A-prem) and FG Lakita, by Modellen. He was bred, raised and still resides at the southwestern Virginia branch of Bayshore Fjords and is co-owned by his breeder J Frank Baylis and trainer/rider/driver Kay Schwink. With limited showing and handled by a small amateur adult woman, this stallion has proven himself to be gentle, versatile, and very intelligent and easy to train. Living in a pasture with mares, foals, and yearlings, he has become the favorite playmate for all the youngsters. He has been trail ridden in mixed sex groups, used to pony a yearling gelding son, and served as the leader/example for timid horses going over a jump, a trail obstacle, or into a horse trailer for the first time. He has great feet which are easily maintained by his regular handler. He is licensed for AI but has not yet been trained or evaluated for successful storage/shipping through no fault of his own, so currently available for live cover (live foal guarantee with negotiable terms).
