## <u>About</u>

Nyx is an up and coming young stallion. With his exceptional pedigree, he is conformationally correct with a wonderful personality. Nyx lives harmoniously in a natural herd environment with mares, foals and geldings. His personable and easy going personality make it easy to balance the light training he has started and breeding use. He is moderately built with beautiful natural and flowing movement. His first breeding season resulted in four quality foals, and we expect five more in 2022. We are looking forward to continuing his training and using him as our herd sire to continue our breeding program into 2023.
